All of you have worked long and hard to attain all the successes that come with getting your diploma The knowledge and skills you have learned in your trade areas and the classroom will serve

In addition to your shop and classroom performance, you are all to be proud of your achievement in co-curricular activities and athletic programs. You are to be commended for your participation - yes, it was worth it - the early morning bus ride to Middleton and the late bus ride home well into the evening.

The talents of the class are many - VICA and DECA Awards, two consecutive "World of Difference Calendar Awards", cheerleading competition, mathematics competition, and all sports teams competition. The culmination of four years of dedication and hard work to the football team - the Division VI Superbowl Championship - a well deserved award.

It all went down from there Then Mr. Duda accepted me into his shop, and with his and Ms. Cloutman's help, I made it through. Thanks a million, good luck to you all
